operation snap
Keeping our roads safe

As part of Operation Snap, members of the public can report and submit digital footage showing potential moving traffic offences.

This can range from driving dangerously or carelessly to overtaking on solid white lines, using a mobile phone while driving, ignoring traffic lights or dangerous driving around other road users, such as horse riders and cyclists.

For moving traffic offences, your submission to Operation Snap will be sent to Warwickshire Police where the evidence will be reviewed by one of our road traffic police officers.

Submitters will be informed if the case will be progressed or not. If the case isn't evidentially strong the rationale for no further action will be explained.

Any footage submitted through the portal can be used by us to help educate other road users and to advise on case results.

For more information, please see the Op Snap homepage:

https://nextbase.co.uk/national-dash-cam-safety-portal/

Operation Snap will not consider/process minor road traffic offences or breaches of the highway code where the threat, risk & harm level is low. Do not use Operation Snap to report parking offences. Nuisance parking, such as parking near schools and unnecessary obstruction can be reported here:
