Alcester Police SNTs. Latest Weekly Report. Sunday 4th August 2024

Based at Alcester Police Station, The Safer Neighbourhood team's primary roles are around crime prevention, problem solving both long standing or emerging issues of community concern and community engagement. We are supported at Alcester by colleagues from Patrol teams whose role is to respond to incidents and investigate crimes that occur in the area 24/7. The SNT is supervised by Inspector Hembry who leads on Neighbourhood Policing for Stratford District and Sgt Ebbs who also oversees neighbourhood Policing in the Shipston on Stour area. The Alcester SNT currently consists of 2 Police officers and 5 Police Community Support Officers, and our contact details are shown above.

Hello all.

This is our latest combined weekly report and prompt to see if you have any questions, suggestions or concerns for the Alcester Police Safer Neighbourhood Teams. Thank you to those that have contacted the Teams this week. If you would like to be removed from this local email circulation list, please let me know asap. This report will also be sent out on the Warwickshire Connected alert system.

For operational and privacy reasons not all the incidents that occur on the Alcester area are listed in this report, although they are recorded on police systems. Please remember to report any anti-social behaviour, suspicious activity or crimes to us as soon as possible - this can be done via the 101 and 999 telephone numbers or if not an emergency via our online reporting forms that can be found on our website. If you have any information or CCTV footage that may relate to the incidents listed, please contact us.

Bike Marking Event at Alcester

On Wednesday 7th August between 6pm and 8pm we will be holding another Bike Marking Event, at Alcester Police Station. We will then also organise registration onto the national cycle database.

Please come to the front door of the police station in Priory Road. All are invited to attend, and we look forward to meeting you.

Electric bikes: licensing, tax and insurance

You can ride an electric bike if you're 14 or over, as long as it meets certain requirements. These electric bikes are known as 'electrically assisted pedal cycles' (EAPCs). You do not need a licence to ride one and it does not need to be registered, taxed or insured.

What counts as an EAPC?

An EAPC must have pedals that can be used to propel it.

It must show either:

- the power output.
- the manufacturer of the motor

It must also show either:

- the battery's voltage
- the maximum speed of the bike

Its electric motor:

must have a maximum power output of 250 watts.

should not be able to propel the bike when it's travelling more than 15.5mph

An EAPC can have more than 2 wheels (for example, a tricycle).

Where you can ride

If a bike meets the EAPC requirements, it's classed as a normal pedal bike. This means you can ride it on cycle paths and anywhere else pedal bikes are allowed.

Other kinds of electric bike

Any electric bike that does not meet the EAPC rules is classed as a motorcycle or moped and needs to be registered and taxed. You'll need a driving licence to ride one and you must wear a crash helmet.

Getting vehicle approval for your electric bike

An electric bike must be type approved if either:

it can be propelled without pedalling (a 'twist and go' EAPC)

it does not meet the EAPC rules.

This should have been done by the manufacturer or importer before you bought it. If it's been type approved, it will have a plate showing its type approval number.
