Alcester Police SNTs. Latest Weekly Report. Sunday 29th December 2024

Based at Alcester Police Station, The Safer Neighbourhood team's primary roles are around crime prevention, problem solving both long standing or emerging issues of community concern and community engagement. We are supported at Alcester by colleagues from Patrol teams whose role is to respond to incidents and investigate crimes that occur in the area 24/7. The SNT is supervised by Inspector Hembry who leads on Neighbourhood Policing for Stratford District and Sgt Ebbs who also oversees neighbourhood Policing in the Shipston on Stour area. The Alcester SNT currently consists of 2 Police officers and 5 Police Community Support Officers, and our contact details are shown above.

Hello all.

Thank you to those that have contacted the Teams this week. If you would like to be removed from this local email circulation list, please let me know asap. This report will also be sent out on the Warwickshire Connected alert system.

For operational and privacy reasons not all the incidents that occur on the Alcester area are listed in this report, although they are recorded on police systems. CRIME PREVENTION BOOKLET

BURGLARY

Want to protect your home? Think WIDE(N) - Windows, Interior, Doors, Exterior, Neighbours - to have the best possible protection against burglary.

Research shows that a set combination of security actions provides up to 50 times more protection for your home versus no security. A combination of WIDE actions is the most effective solution and is recommended by police throughout the country. Additionally, at Neighbourhood Watch we believe that neighbours keeping an eye out for each other is also key to preventing burglary.

- **WINDOWS:** Lock your windows
- **INTERIOR:** Put your interior lights on a timer
- **DOORS:** Double or deadlock your doors
- **EXTERIOR:** Put your exterior lights on a sensor
- **(N)EIGHBOURS:** Keep an eye out for neighbours

Taking simple measures can significantly reduce your chances of being burgled. Opportunity plays a big role in enabling crimes to be committed, particularly burglaries. Most domestic burglaries are committed by opportunists.

Criminals will look for homes that:

- seem unoccupied
- have little or no apparent security
- have doors or windows left open, or
- enable them to remain unseen when burgling.

A home's overall impression will influence whether a burglar targets it. As a general rule, if it looks like there is someone inside, the burglar is likely to go elsewhere.

OURWATCH.ORG.UK/BURGLARY

A home in a dilapidated state will seem easier to break into, so a simple deterrent might be tidying up a garden or repainting doors and window frames. One crime often produces the opportunity to commit another. For example, a burglar may return after a break-in because they know when the owners are likely to be out. They can also expect the property to be full of new replacement items.

Before upgrading your home security, think about what part of your home seems more vulnerable, how often you are at home, and when it is empty. Remember, wherever possible, to always ensure that security products you purchase are Secured by Design or Sold Secure – these are good quality, independently tested products.
