## Alcester Police SNTs. Latest Weekly Report. Sunday 18<sup>th</sup> May 2025

Based at Alcester Police Station, The Safer Neighbourhood team's primary roles are around crime prevention, problem solving both long standing or emerging issues of community concern and community engagement. We are supported at Alcester by colleagues from Patrol teams whose role is to respond to incidents and investigate crimes that occur in the area 24/7. The SNT is supervised by Inspector Hembry who leads on Neighbourhood Policing for Stratford District and Sgt Ebbs who also oversees neighbourhood Policing in the Shipston on Stour area. The Alcester SNT currently consists of 2 Police officers and 5 Police Community Support Officers, and our contact details are shown above.

Hello all.

This is our latest combined weekly report and prompt to see if you have any questions, suggestions or concerns for the Alcester Police Safer Neighbourhood Teams. Thank you to those that have contacted the Teams this week. If you would like to be removed from this local email circulation list, please let me know asap. This report will also be sent out on the Warwickshire Connected alert system.

For operational and privacy reasons not all the incidents that occur on the Alcester area are listed in this report, although they are recorded on police systems. Please remember to report any anti-social behaviour, suspicious activity or crimes to us as soon as possible - this can be done via the 101 and 999 telephone numbers or if not an emergency via our online reporting forms that can be found on our website. If you have any information or cctv footage that may relate to the incidents listed, please contact us.

### **Reporting incidents to the police**

Social media and messaging apps have become a useful tool in letting people know of crime, suspicious behaviour and anti-social behaviour etc to neighbours, friends and local community groups **BUT** we definitely would like to know first.

Time and information can be crucial in determining the correct response to an incident. There is also the possibility that offenders and evidence can be lost.

**Our advice is – Contact us first, then consider your social media response.**

### **Monday 19<sup>th</sup> May marks the start of Op Sceptre week.**

Tomorrow (19 May) marks the start of Operation Sceptre, a twice-yearly nationwide week of events aimed at tackling knife crime and steering young people onto better trajectories. Neighbourhood officers across the county have planned events through the week, ranging from the installation of knife surrender bins to going to schools with VR headsets to deliver powerful presentations on the dangers of carrying a knife. Officers will also be out across the county engaging with our communities to talk about prevention – while also conducting knife sweeps and targeted patrols. We'll also be promoting Operation Talkative – a force scheme where people from all our communities are encouraged to come forward and tell us if they know of someone carrying a weapon. Through the operation, we look at ways we can intervene early, to prevent tragedy and to direct young people to more positive outcomes. Keep an eye on our Facebook page through the week as we bring you updates.
