High Visibility Evening Patrols

Wellesbourne Safer Neighbourhood Team covers a wide beat. Here are a few images taken on one of our high visibility evening patrols in September.

Community Crime Prevention Kits

Working alongside colleagues from Stratford –on-Avon District Council, the team participated in another successful launch of a 'Community Crime Prevention' box this morning in Kineton.

The team have worked with the rural crime advisors (RCAs) to launch these boxes in Kineton, Snitterfield, Radway, Shotteswell, Gaydon, and Combrook in the last couple of years.

If your community feels it could benefit from wider crime prevention, the Rural Crime Advisors can run a 'Community Crime Prevention Toolbox' event in your village. The toolboxes contain crime prevention equipment such as: window alarms, shed alarms, can hides, personal alarms, property marking kits, switch timers, faraday pouches, TV simulators, crime prevention information leaflets, Warwickshire connected z cards / Safe in Warwickshire cards.

The principle of a ‘community crime prevention toolbox event' is for the RCA's to attend with the box, meet the community and following some informal discussions on crime prevention, leave the box with a custodian for the villagers to use as they think best.

Toolbox events are run as a ‘drop in' style, which work best alongside an existing event e.g.: village hall coffee morning or similar.

This newsletter is not intended to record a comprehensive list of every reported crime in the area but includes crimes and incidents that the local community should be aware of. Staying vigilant and working together with the police and your local community can help to keep crime out of your area.
