## Warwickshire Police are recruiting!

**Warwickshire Police are currently recruiting special constables.**

*Could you be a local hero and become a special constable?*

Our Special constables are voluntary, part-time police officers who work in some of the most important areas of modern policing. Would you be willing to make a real difference to communities in the Leamington, Stratford, Rugby, Nuneaton and North Warwickshire areas?

As a fully-trained Special constable, you will have full police powers, wear a police uniform and work alongside regular police officers and police staff, with opportunities for promotion and to develop your leadership and management skills.

In return, you will be required to commit a minimum of 16 hours a month, although many people do significantly more as the hours can be flexible to fit around your work and home life commitments.

We are currently accepting applications to become Special Constables.

After a well deserved summer break the coaches and members are now having to build endurance, regain our fitness levels and stamina. We have worked on high intensity circuit training, pressure sparring and technique work.

Extra sessions have been put in place for smaller and focused sessions for individuals that have individual needs.

The members have taken part in friendly competitions amongst each other and prizes have been won!

There has been targeted one to one sessions with youths that require independent interventions.

The club has largely expanded and we enjoy meeting, supporting and engaging with the community.
